# In Memoriam

---

Ruth Gackenbach

1905-1955

Humbly do we pause to pay tribute to our friend and teacher who for thirty years devoted herself to education in Northampton. We are grateful for the fine teaching, the kindness, the understanding help she gave so willingly. Our lives are richer for having touched upon hers, and the happy memories we now cherish should help us to make our world a better place in which to live.

---

---

Alvin O. Shiffer

1881-1955

Pausing momentarily, we would like to honor a man whose goal in life was to teach others the "right" way of living. His teachings have lingered in the hearts and minds of those who knew and respected him. His friendly attitude, enthusiasm, and his "helping hand" will always be remembered by those he taught during his 53 years of service. May his example serve as a foundation upon which we may build our dreams.

# Ruling the Reveries

## Administration and Faculty

Here at a typical monthly meeting of the PTA, our teachers and administrators discuss the schools of our town and how they are prepared to serve our community.

## Men of Foresight - Capable and Efficient

Our School Board takes time out from building plans to give us a picture.

Standing: Dr. George A. Eichler, Superintendent; Joseph George, Raymond A. Newhard, Russell S. Becker, 2nd Vice-President; Stanley Easterday, George C. Newhard, Jerome W. Burkepile, Jr., Solicitor.

Seated: Howard G. Raubenhold, 1st Vice-President; Robert L. Jones, Secretary; Robert D. Schaffer, President; Eugene R. Milham, Treasurer; John S. Dreisbach, Kenneth Haidle.

School board president, Mr. Robert Schaffer, presents certificates of appreciation to Mr. Paul Bachman and Mr. Claude Troxell, retiring school directors.

The Board of Education, the nucleus about which the entire school system revolves, establishes good relationships between the school and the community. With them the main objective is always to advance the interests of education and to improve our schools so that they may better serve our citizens.

This competent group of men has started us on the starlit path to realizing a dream. At present they are working diligently on plans for our new high school.

The proposed building, which will be located on Laubach Avenue between Sixteenth and Seventeenth Streets, will be built in the shape of a four-pointed star, and will accommodate a student population of one thousand. It will consist of fourteen classrooms, a gymnasium, an auditorium, administrative offices, and facilities for arts and crafts.

# Develop the Policies That Govern Our Education

The gymnasium, which will occupy the wing nearest Laubach Avenue, will have approximate seating space for twelve hundred people and will provide separate facilities for shower and locker rooms.

The classroom wing will be directly behind the gymnasium. This is to be the only two-story section of the building. Accommodations for eight or nine buses will be provided by a semi-circular ramp adjoining the wing.

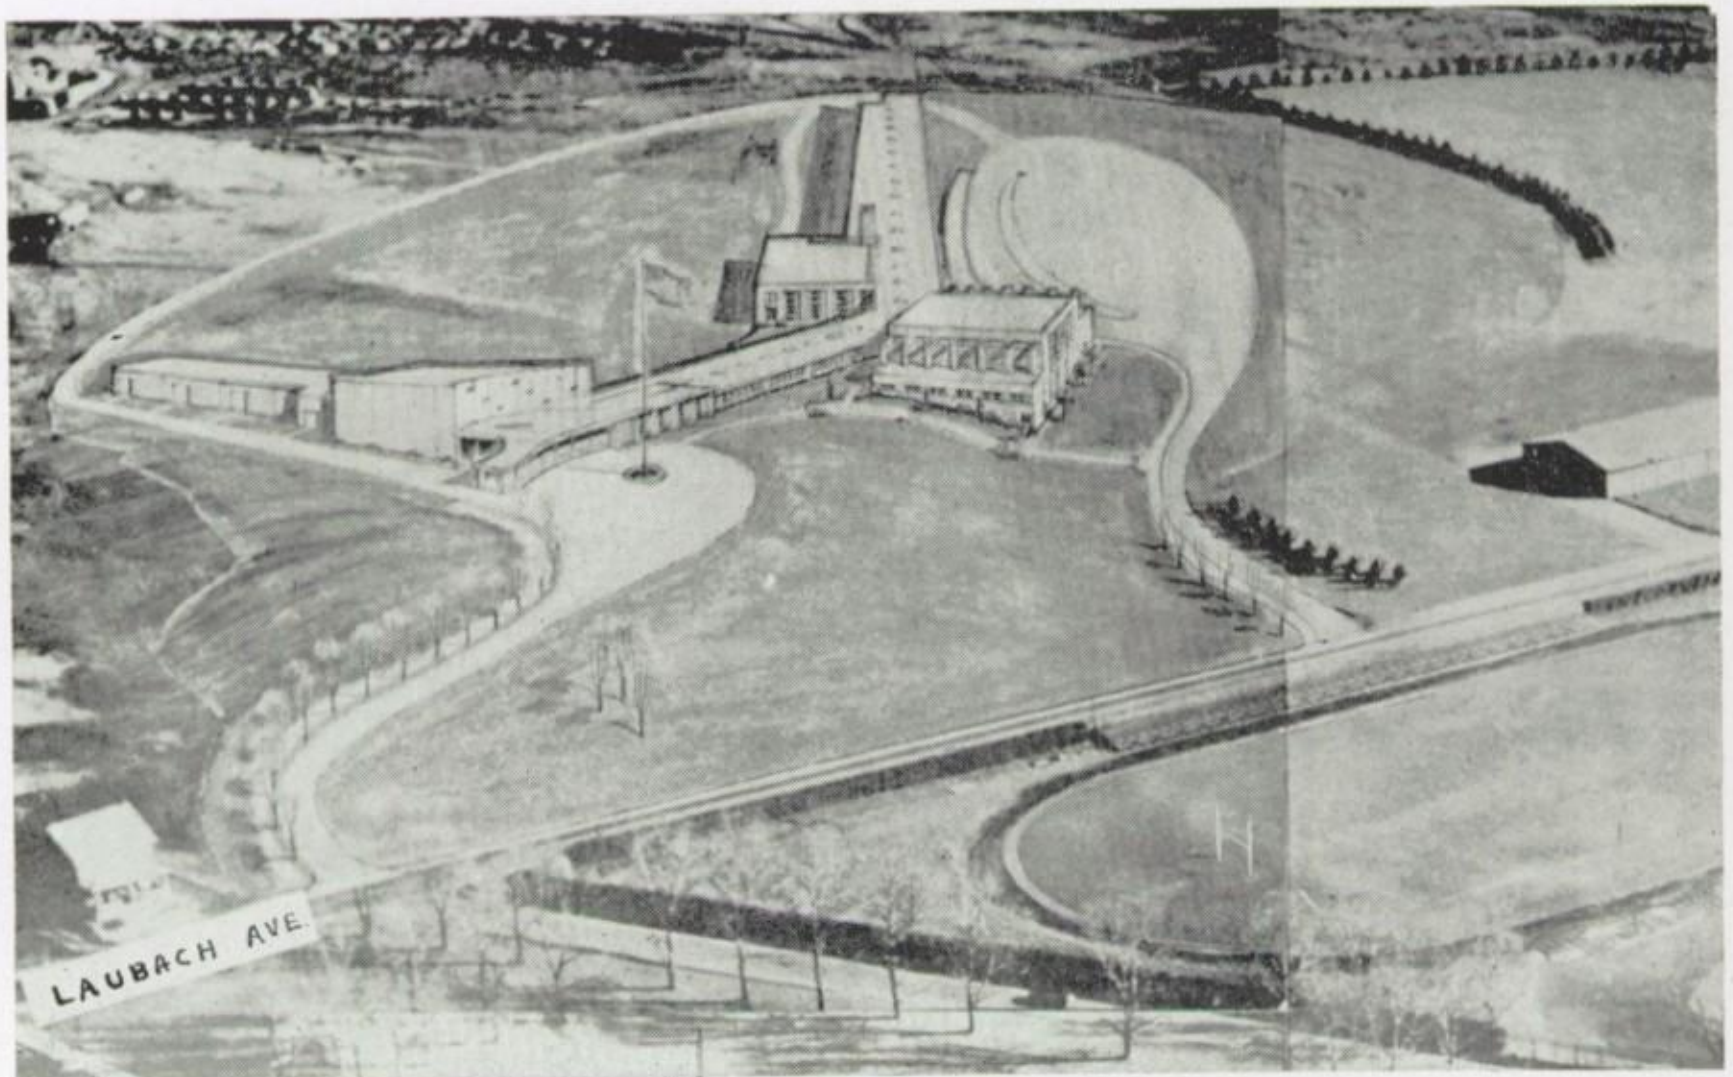

Along with the administrative offices, the cafeteria, health suite, library, and homemaking department will also be located in this wing.

The auditorium, which will seat approximately seven hundred and seventy-five, and the arts and crafts rooms will form the other wings of the building.

We are "up in the clouds" over the plans and we know that all students attending this new school will derive much from the educational benefits it will provide.

Mr. L. J. Boucher, on behalf of the Universal Atlas Cement Company, presents the deed to a twenty-acre tract of land to Mr. Robert Schaffer. This will be the site of our new senior high school.

## Experienced Educators Interpret Policies And

**GEORGE A. EICHLER**

**A.B., M.A., Ed.D.**

**Superintendent of Schools**

Our Superintendent is "Mr. Education" himself. As he undertakes the general administration of all the schools in the jointure. As a representative to the education parley in Washington, D.C., Dr. Eichler brought recognition and honor to our schools. With pride we acknowledge his continued interest in us and our future.

**NORMAN A. LAUB, B.S., M.A.**

**Principal**

Coordinating all parts of a very complex school program is no small task. But in our Principal we have a man to meet the challenge. Seriously and with integrity he performs his work. He lends a helping hand today and dreams of better things for the school of tomorrow.

## Guide Us To Wise Plans For The Future

The Superintendent's Office is truly the hub of our educational wheel. Keeping business flowing smoothly here we have two efficient and gracious secretaries, **Miss Phyllis Vandergrift** (standing) and **Miss Racheal Nicholas**.

Checking on news, financial accounts, or activity records are all part of the day's work for **Mr. Edwin Berg, A.B.**, Assistant Administrator, and our capable secretary, **Mrs. Jean Hartman**.

So you have a problem? Consult **Mr. Albert M. Lerch, B.S., M.Ed.**, our Assistant Administrator and Head Guidance Director, "Doc" will know the answer.

But if your problem is truancy, then you'd best explain to **Mrs. Mildred Bigatel** or **Mrs. Elizabeth Keiser**, our busy secretaries, who always have a moment to spare for us.

# A Vote of Thanks to an Inspiring Teacher

Miss Boyer takes her little charges to "Never Never Land" during Story Book Hour.

To hundreds of Northampton citizens Miss Bessie Boyer will always be the smiling, understanding, gracious first grade teacher who started them on the road to learning. Whether the trouble was with the alphabet or a loose tooth, Miss Boyer was always sympathetic and willing to help.

It was forty-six years ago that an ambitious young girl graduated from Slatington High School and enrolled at East Stroudsburg State Normal School to enter the proud profession of teaching. Miss Boyer has constantly kept her interest in education alive by continuing her studies at Columbia University, New York University, and Pennsylvania State University.

After teaching in the Slatington schools for eleven years, Miss Boyer joined the staff of Northampton's Washington School in 1923 where she became one of its most devoted instructors.

Students, fellow teachers, and friends now join hands in wishing Miss Boyer many happy years in her retirement — and may all her dreams of traveling come true.

## Always Mindful of Better Education

Our teachers held in-service study workshops on September 27, February 1, and April 12. These sessions were devoted to discussions on reading, motivation, teaching science in the elementary grades, and planning objectives for the junior high school.

The sessions were sponsored by our school board and were coordinated by Dr. Thomas of Lehigh University, who was assisted by a staff of specialized consultants.

There was general agreement among our teachers that it was a good thing to learn from the experts.

Pictured Above — Standing: Our P.S.E.A. president, Mr. Harry Wall and workshop chairman, Mr. Robert Neubauer, discuss plans with Dr. Prestwood, Dr. Johnson, and workshop consultants. Seated: Miss McCormick, Dr. Thomas, Dr. Eichler, and Dr. Gottschalk.

Picture Below — Mr. Alfred Mazurkiewicz lectures to the elementary teachers on the new phases of reading.

Pictures at Left — We see teaching in action—a science reading demonstration with second grade students.

Here our teachers assemble to hear Mr. Mazurkiewicz discuss the responsibility of all teachers on all levels as teachers of reading.

## Our Faculty Believes, too, In Good Fellowship

The Flamingo Room was warm with the good spirits of our faculty at the Annual Christmas Tea.

New staff members were feted and photographed. In the picture at the left we see (center) Mr. Harry Wall, P.S.E.A. president, welcoming Mr. Ralph Hunsicker, Mr. Gerald Newhard, Mrs. Mary Harned, Mrs. Constance Jones, and Miss Stella Wanko.

A fine Christmas message was presented by Reverend E. W. Mitchell. And to add to the good fellowship there were songs and a visit from St. Nick (alias Tony Messenlehner!)

The festive board was a thing of beauty — and the work of a fine social committee — Mrs. Beatrice Santee, Mr. Harry Reiff, Mrs. Dorothy Musselman, Miss Mabel Newhard, Miss Ruth Farber, and Miss Edith Odenwelder.

## Our Expert Food Staff Keep Us Fit

The Christmas turkeys are in good hands when Mrs. Abbie Smith, Mrs. Ellen Gardner, and Mrs. Eva Lerch do the roasting.

Join us now in the long hungry line that leads to the Flamingo Room. Here, for 25c, you will find mouth-watering delights dispensed by our "Ladies-In-White" who serve us with a smile.

Mrs. Madeline Kohler, Mrs. Marguerite Kohler, and Mrs. Retta Wahl prepare the cranberry sauce special.

Mrs. Helen Reppert, Mrs. Marion Gehret, and Mrs. Stearla Ycung make the kind of stuffing you dream about.

For twenty-five short minutes we relax, refuel, and watch our head dietitian, Mrs. Mary Zirinsky, as she capably plots kitchen strategy with her secretary Miss Phyllis Kocher.

Mrs. Mildred Moyer and Miss Renae Farber serve the "fixings" that go with a Turkey Day Special

## And Cheerful Custodians Sweep Our Stardust Trail

It may be an emergency or temporary cafeteria set-up at the Wolf Building, but the food tastes just as luscious to these hungry seventh and eighth graders. Mrs. Mary Messenlehner and Mrs. Constance MacAdam are the suitcase cooks here.

Mr. Charles Nicholas meditates over his array of steaming dishes.

Meet our jovial custodians who work around the clock to make life comfortable for us. Whether they are banking the boilers or helping us dismantle decorations after an evening of fun in the gym, these men do a fine job at N.H.S.

Our custodians get some new pointers! Mr. Charles Druckenmiller, Mr. Pearly Druckenmiller, Mr. Joseph Breittfeller, Mr. Robert Stuber, Mr. Alfred Lauer, and Mr. Harry Rehrig.

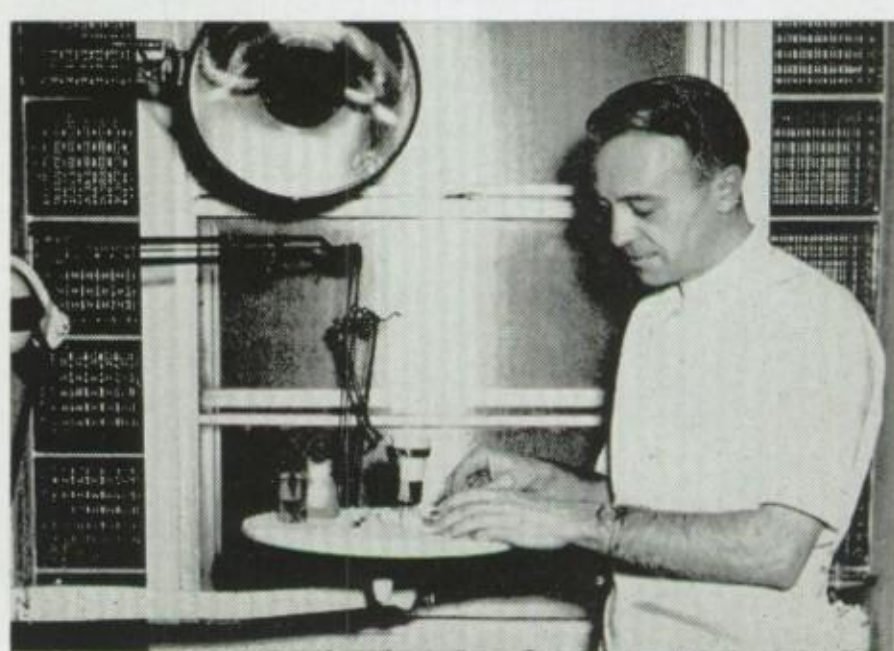

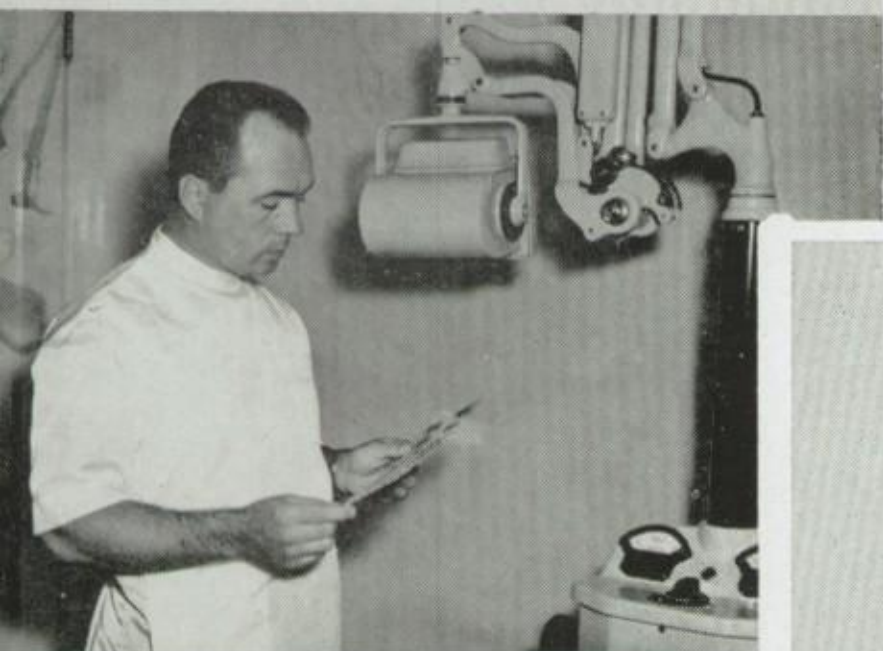

# Medical Exams - An Important Part of Life At N.H.S.

As we straddle our star dust scooters we gaze upon a familiar sight — our dependable medical staff. Annual physicals reveal our good health and stability. Through the aid of these alert people we are kept in the best possible health throughout the year. "Open wide please!"

Beginning at left: We see our dentists, nurses, and our school doctor at work.

Dr. George Hrishko, Dr. Charles Moritz, Miss Lottie Moyer and Miss Lillian Stettler, Dr. Sidney Parmet, Dr. Charles Sieger, and just below we have Dr. Mahlon Miller tuning in on "Jiggs" Simcoe.

And knowledge -- our door to destiny

'56

Our class does not lack its budding poets and musicians. The competition in writing the class song was unusually keen.

At our January class meeting the votes were finally cast, and here we have the proud class song winners. Sylvia Santee is the composer, and Nancy Takacs wrote the lyrics. Oscars to you, girls!

# THE CLASS SONG

Lyrics by  
Nancy Takacs  
Music by  
Sylvia Santee

From our dear Al-ma Ma-ter time says we must de-part; But  
ne-ver will we once for-get the mem'-ries in our hearts of  
days with-in your bless-ed halls, with class-mates fond and true. All  
this and more we che-rish, North  amp-ton High of you.

The musical score is written on ten staves, alternating between treble and bass clefs. The key signature has one flat (B-flat), and the time signature is 4/4. The lyrics are written below the staves, with some words underlined. There are several musical notations including asterisks, a circled '6', and a circled 'C'.

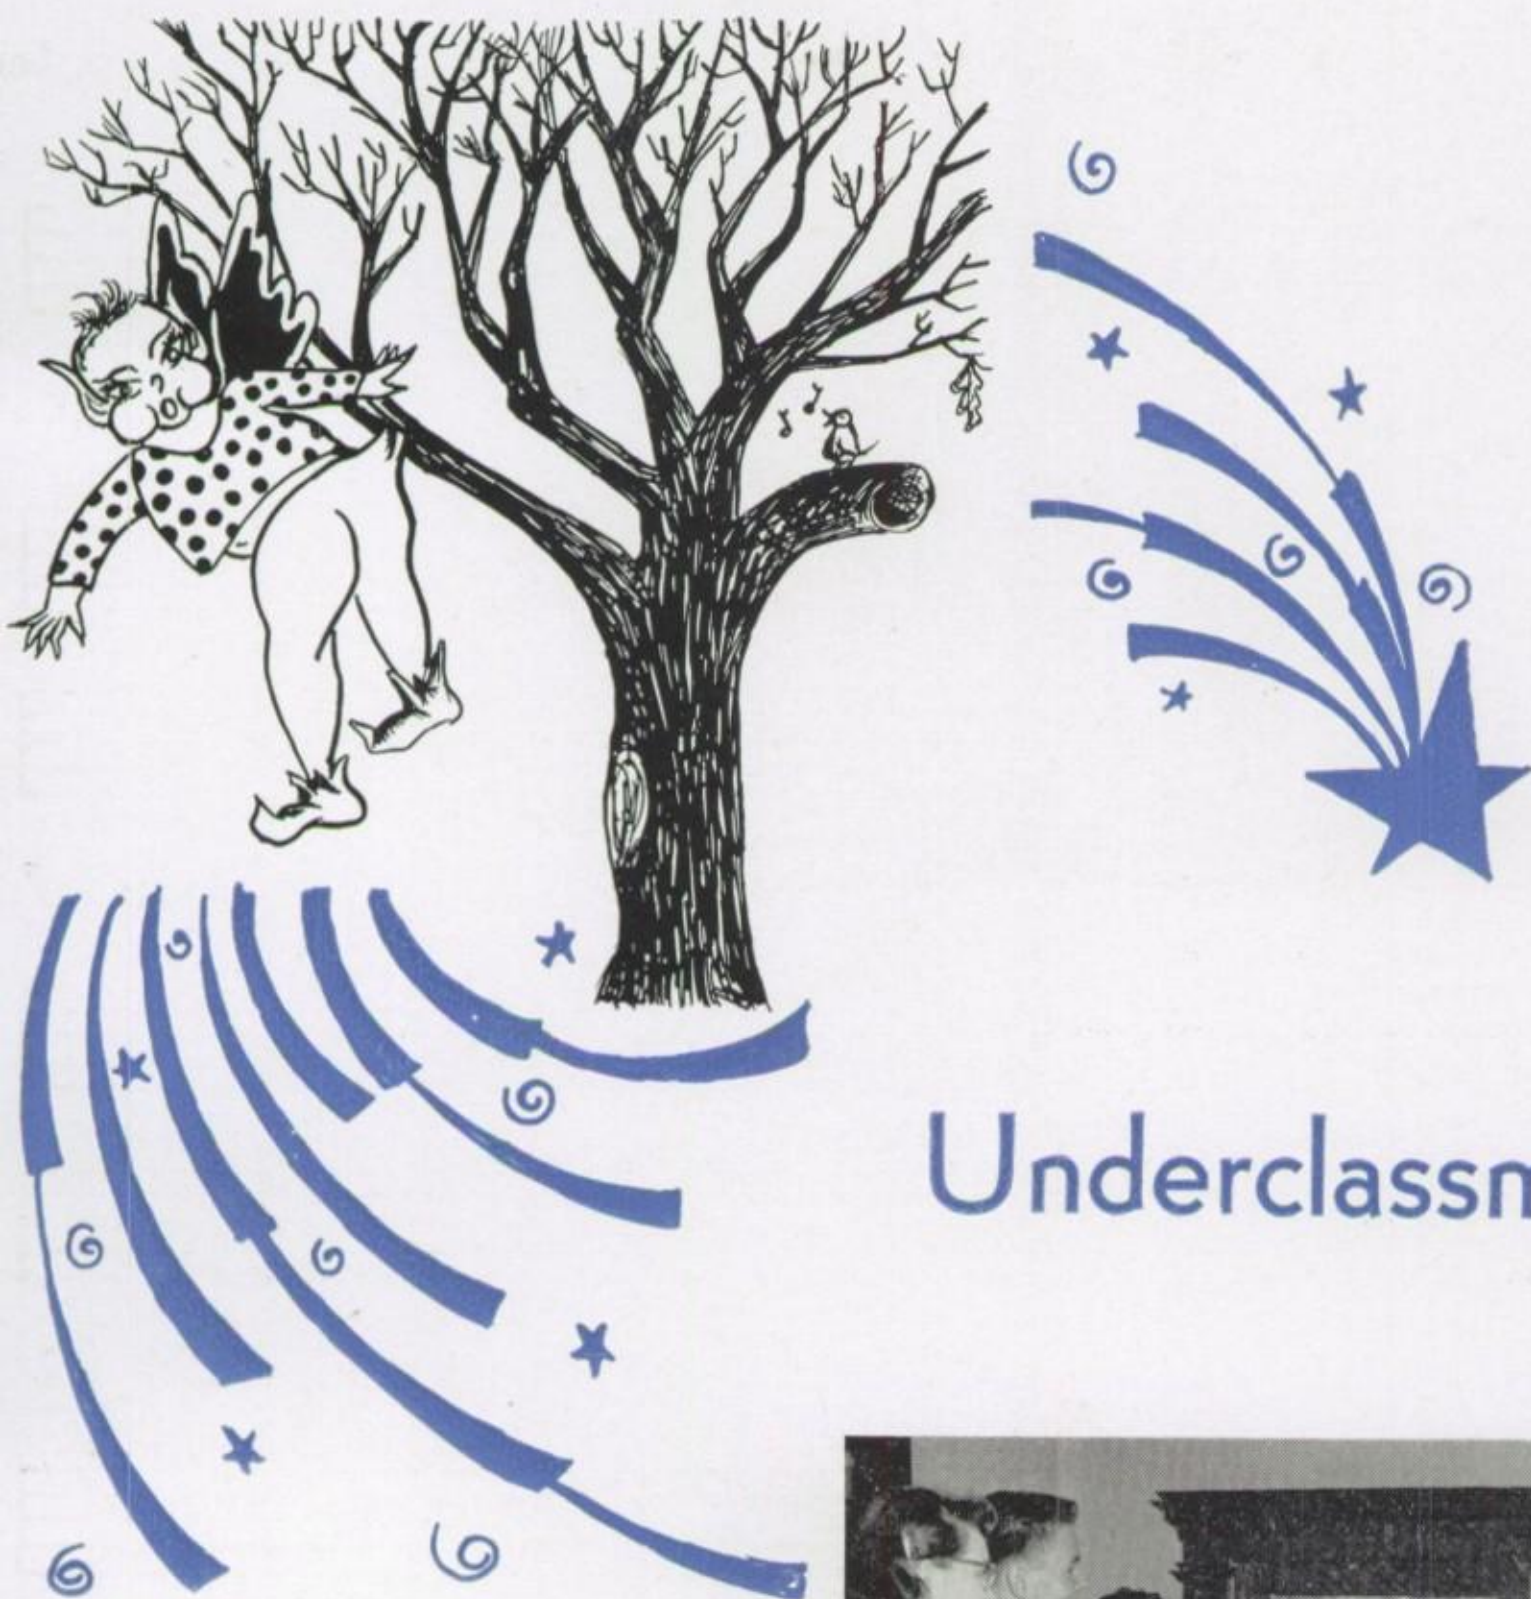

With school days all behind us, our futures now unfold,  
And as we take our place in life, we'll render thanks untold  
To our beloved Alma Mater, teachers, counselors too -  
To our Northampton High School we all will long be true

## These Are The Times When Work Is Play

These pictures serve to illustrate work accomplished by the 8th grade English classes. The literature units, "Mystery and Adventure" and "Family and Friends", motivated the children to work in groups and to prepare original projects illustrating the main ideas of the stories most enjoyed. The projects included book covers, stage settings, poems, drawings, notebooks, and summaries.

# Capers In The Clouds

## Curriculum And Clubs

The midnight oil burns often for students of N.A.J.H.S. Here we peek in on Steve Kotch as he struggles with Chemistry equations — and visions of "A's" dance in his head.

# In Our Curriculum There Is Something For Everyone

Whether the question concerns future study, a vocation, a part-time job, a personality problem, or any such thing, our Guidance Department will find the answer.

Driver training teaches us how to cope with the roughest roads, the toughest highway problems, and even with that ever-present friend, the flat tire.

In our well-equipped up-to-date library we travel round the world with books and help to educate ourselves through our reading and research work. Here we lay up that store of wisdom that may someday help to open our door to destiny.

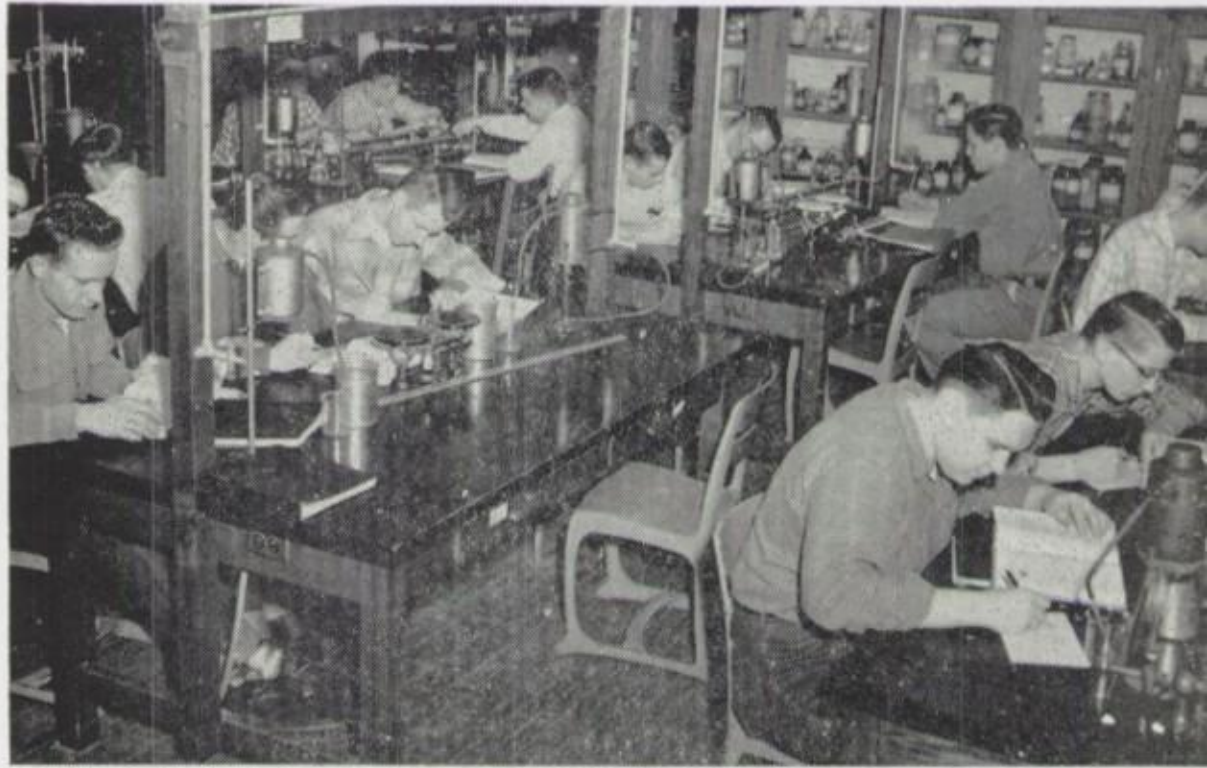

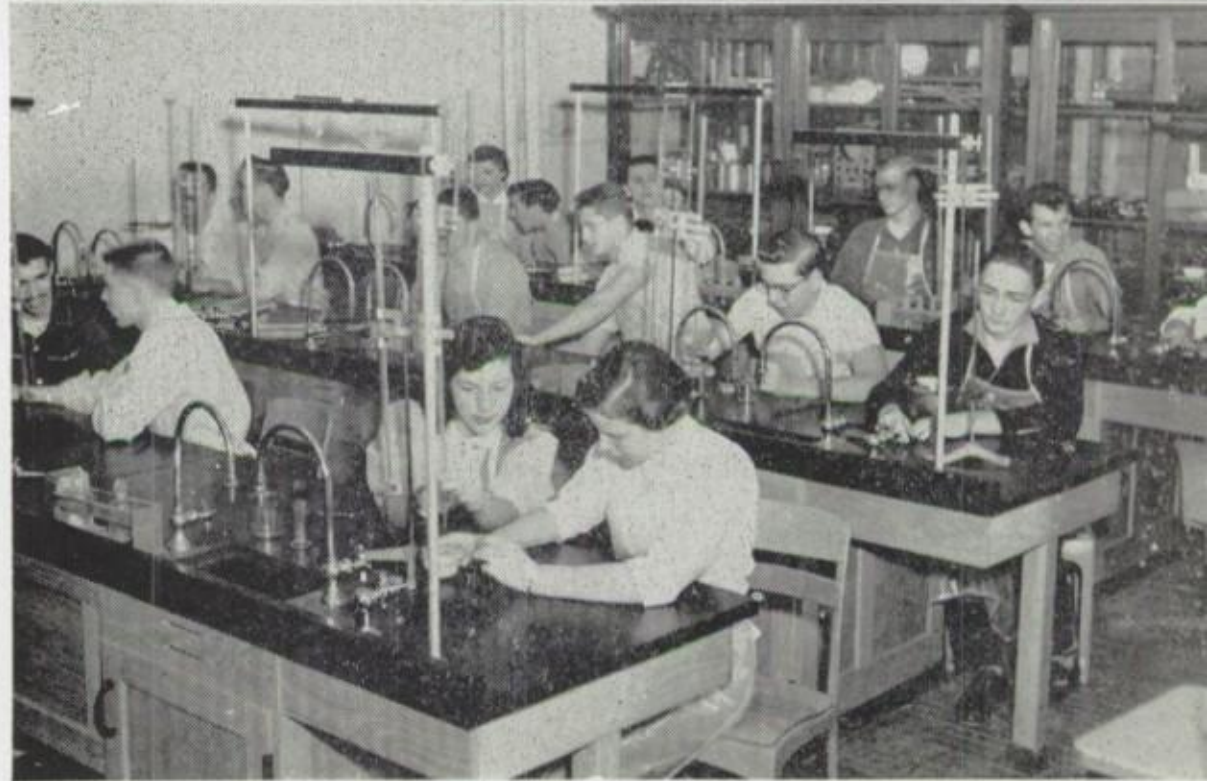

# In Science We Probe the Mysteries of Nature

Through our courses in science we try to understand the many mysteries of our modern scientific world.

Laws, problems, and laughter are all a part of the learning program in our junior physics classes.

Next comes the eternal question, "Have you learned Avogadro's Hypotheses?" as one senior laments to another. Interesting experiments, equations, and tests are sure to produce capable scientists of the future.

Biology makes its appearance in the sophomore year with its study of birds and animals, its practical course on the caring of aquariums, and the ever-popular herbarium.

## In Languages We Vision New Horizons In Culture

Our dreams would be far from complete if we did not include trips to far-off lands. The knowledge of languages plays an important role in this, because only through language can we truly understand another people, their history, and their culture.

Throughout our years of schooling, we have been taught the basic element of knowledge—English—the language of our people. This language has helped us to gain an understanding of our other subjects. It has helped us to become more articulate and better able to take our place in society.

In our German class we journey to a distant country where we meet interesting people who charm us with their folk customs and gay songs. Our Latin class is the sure foundation for all our language work. Here the study of Roman mythology and culture is a gentle tie that binds us to the past.

In all of these languages we learn much about grammar, about literature, about speaking acceptably, and writing effectively.

These, along with intelligent thinking should serve to enrich our future.

Our Latin students go festive with a real Roman dinner.

We introduce our new autoharp in an English ballad class.

"O Tannenbaum" rings through the auditorium as our German class spreads Christmas cheer.

# In History The Past Prepares Us For The Future

Learning about man from very primitive times, through the great dynasties of Rome and Greece, up to our modern Twentieth Century is all a part of our school department known as Social Science.

In Ancient History and World History we study the fascinating cultures and ideologies of other countries.

In American and United States History classes we see the proud story of a great nation unfold. Here we become aware of our great heritage.

In civics and problems of democracy we study the plan and workings of our government. Now we begin to realize our share in this government "of, by, and for the people."

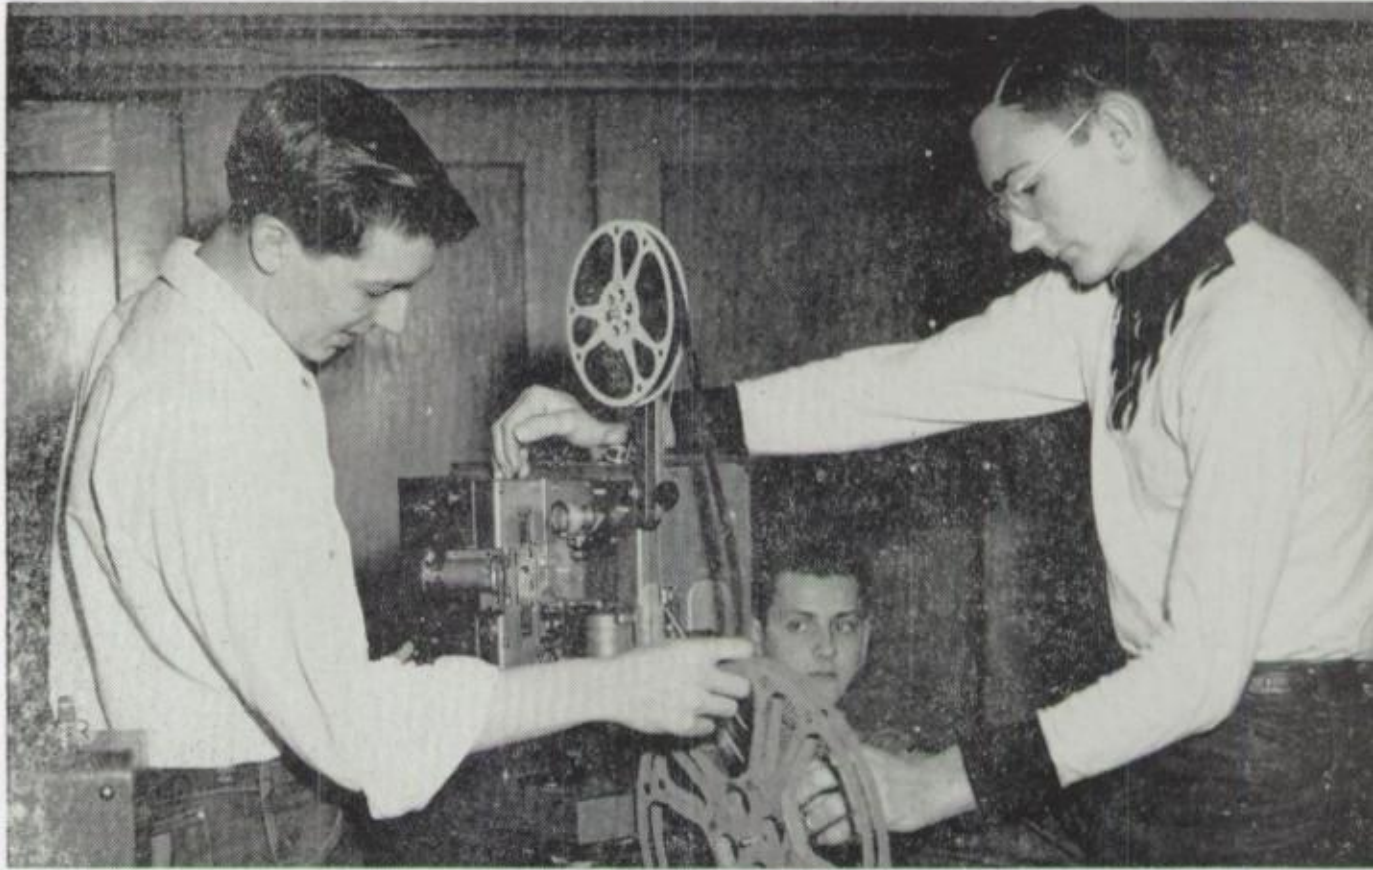

In social living classes we follow the psychological trend and study man in his relationship to society.

These are the courses which help us to understand the past and prepare us for a brave, new future.

Our projectionists set up the equipment for another social living feature. Today's problem? Our mental hospitals.

Our distinguished guest speaker, Dr. Morton Eugene Weldy, lawyer, former college professor, and international traveler, gives us some views of world affairs as he discusses foreign policies in P. of D. class. A poet at heart, Dr. Weldy gave some of us a taste of Robert Frost's works as he read numerous poems of our great Vermont poet.

In P. of D. we learn to understand the world through current topics reports on the international, national, state, or local level.

## Geometry Theorems plus Alert Thinking equals Precision

Mr. Fegely demonstrates geometric designs in mathematics.

As we hop on cloud 13 we start counting the stars. A small star in the distance glitters past with a group of friendly freshmen aboard having a tug of war with algebra and discounts.

Here comes another star a little faster and larger holding up our saucy sophomores with their general math and equations.

The plane geometry star carries our theorem-minded juniors, who with their fortitude, are sure to succeed.

A very large star zooms upward toward success with some seniors tackling solid geometry and trigonometry and still others studying the office techniques of business math and bookkeeping.

Mr. Reiff explains the mysteries of the slide rule to mystified seniors.

## Efficiency plus Accuracy plus Personality equals Good Stenogs

"Dear Sir" and "Cordially yours" strike a familiar note to these alert secretaries. With nimble fingers they whiz over the keys of a typewriter to produce fine and precise correspondence.

Our fine stenos dream of Law Offices, Receptionist work, and Civil Service as they see there are ever present goals to reach as competent office personnel.

In these pictures we see IBM operators, busy bookkeepers, ditto experts, shorthand stars, and speed demon typists learning their business to perfection.

## Industrial Arts Train Our Skilled Workers

Entering our well-equipped shop area, one is greeted with the clean, tangy aroma of wood, the buzzing of saws, or perhaps the clear, ringing sound of someone pounding metal. Our skilled craftsmen are busily bustling about creating everything from fine furniture to stage scenery. The boys are trained in the handling of saws, lathes, planers, and the various drill presses. After watching our able artisans demonstrate their expertness in drafting and leather craft, we journey to the art department.

In our art department we see our future Rembrandts brushing with fervor at a masterpiece in the making. Perhaps some aspiring Michelangelo is zealously molding his own version of the "Winged Victory." The student may choose oil or water color, pastel, ceramics, silk screen, or one of the many other mediums in expressing his own particular creative ideas in art.

# Home Economics Prepares Future Homemakers

Homemaking covers a large area in N.H.S. One of the main subjects, though, is food. Here we learn the tricks of the trade from correct seasoning to preparing a full course meal. And we make our table look more attractive with instructions in table settings and flower arrangement. We treat our guests many times in our neatly furnished dinette parlor.

Personal grooming takes on a new look for us in the sewing department as we learn to make our clothes, mend our tears, and wash our linens with ease. And come Christmas Vespers, and other performances, we take on the responsibility of making costumes.

Taking the homemaking department as a whole, it gives us a very good start in our climb toward our role as a homemaker.

## Here Music and Song Help Us Along

Junior high school provides us with a lively, awakening interest in music. In senior high school new vistas in melody are opened as we enter an era of specialized instrumental and vocal training. Here under expert leadership we harmonize from Bach to Boogie.

Here, too, we broaden our scope in music appreciation by studying the classical composers and their works. Now we are ready for that annual trip to New York and the Metropolitan Opera House. None of us will forget our February 4, 1956, visit with **Faust**.

The many and varied talents nurtured in our music department enrich our assemblies, school entertainments, concerts, and are a welcome feature at civic organization meetings.

Picture above—Our vocal students learn that organizing and filing music is no small housekeeping task.

Picture at right—Long hours of practice make perfect musicians for our school band and assembly orchestra.

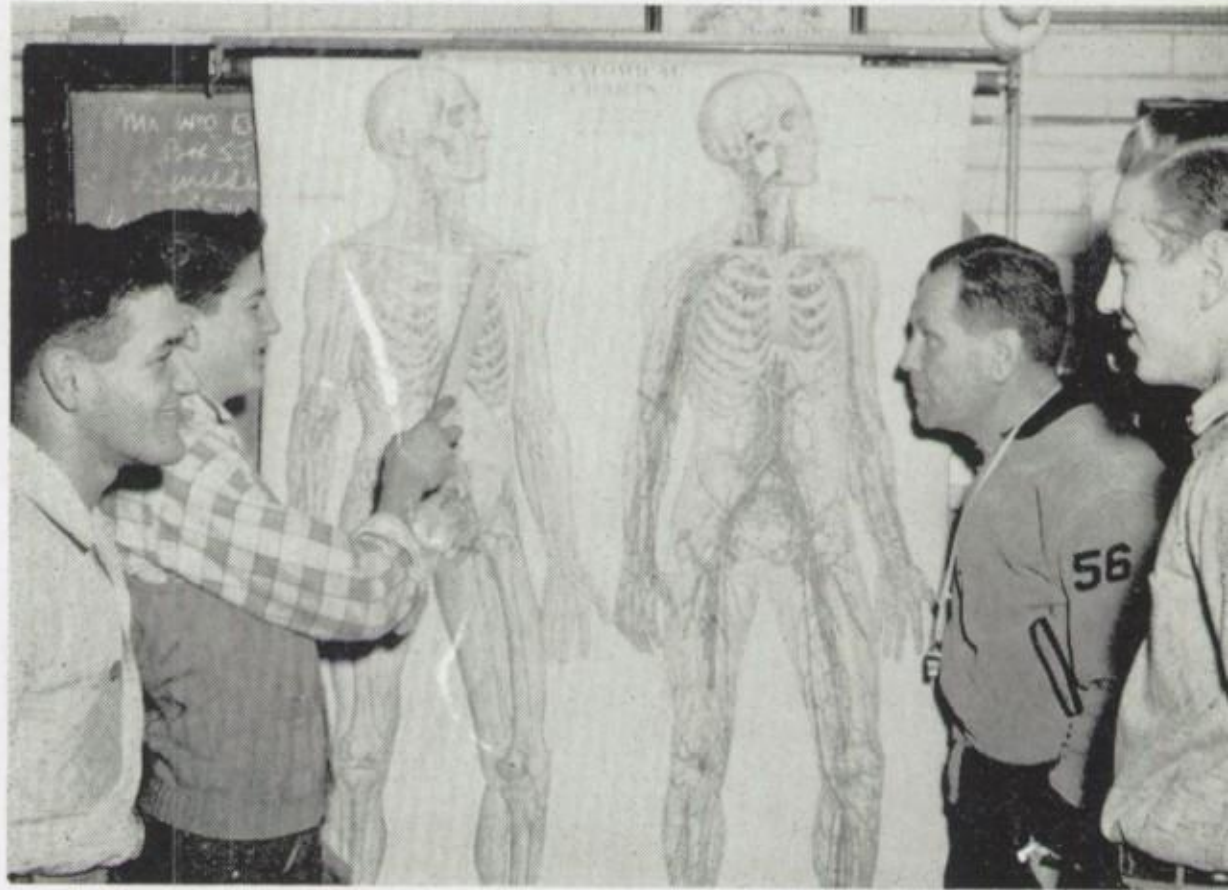

## Vigor and Stamina Come With Physical Education

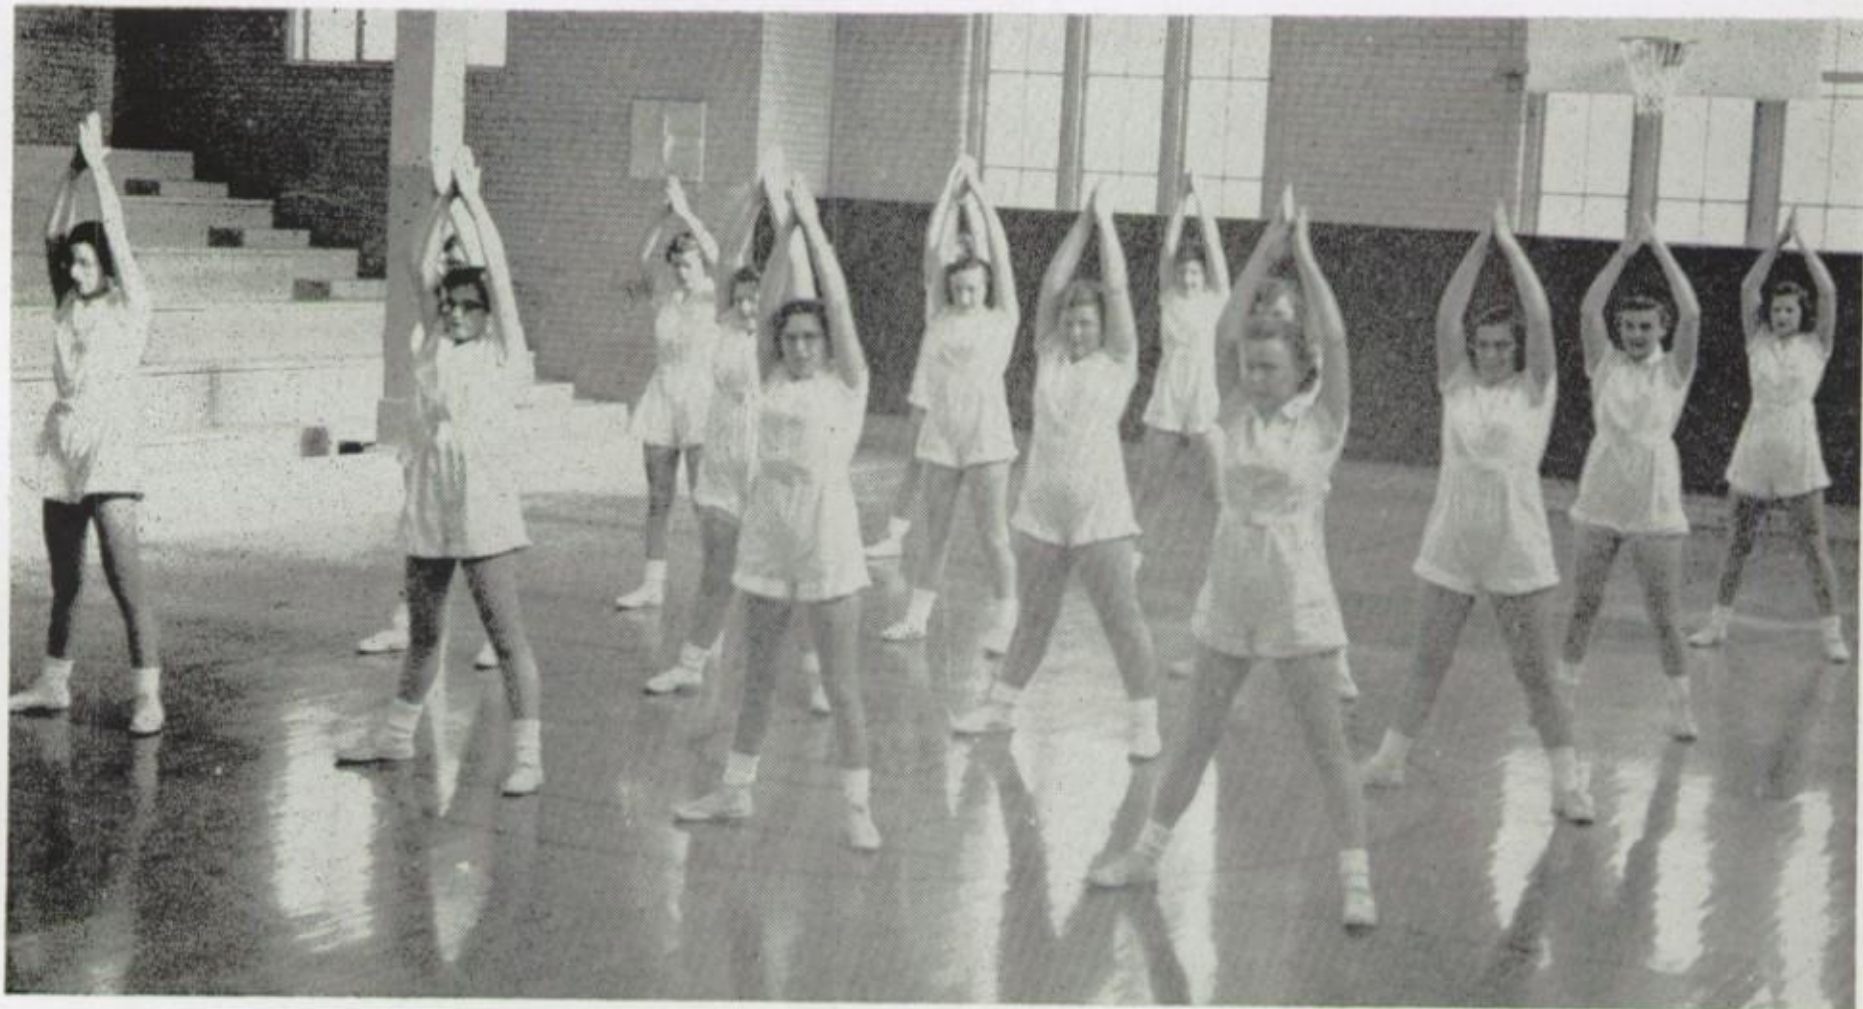

If you are visiting our school, and happen to pass the gymnasium, you will in all probability hear quick, snappy drill commands or the sound of a basketball as it is dribbled down the court. You may be fortunate enough to peek into the gym and see our artists at work. Perhaps you will find some fellow high in the air above the trampoline or a girl doing a forward roll.

Whatever the scene, you can readily see that these students are developing form and muscle coordination. Or you may step into a nearby classroom and watch health students at work as they try to find out what makes "Homo Sapiens tick!"

These two, Health and Physical Education, go hand in hand as they help us build healthy bodies.

These fundamentals in anatomy are sometimes hard to digest.

No creaks left in these bones after a period of calisthenics.

## Our Own Legislative Body - Student Council

**Senior Council** — Standing—W. Szupper, M. Solt, W. Bartholomew, D. Schaeffer, J. Yurish, S. Szilagyi, R. Dougherty, J. Kohler, Mr. A. Laubach, Adviser; L. Kern.  
Seated—B. Hutnick, P. Mills, B. Williams, G. Stefany, Treasurer; J. Simcoe, Vice-President; D. Lovelace, Secretary; S. Gerny, J. Schmidt, P. Stewart, President.

The primary objective for Junior and Senior Student Council is to demonstrate in a tangible way Democracy at work. Our members officially represent all homerooms and become the school's most important governing body.

Under the guidance of their advisers, Messrs. Alfred and William Laubach, our Councils study school problems, develop and enforce our school

honor code, initiate good manners drives, assume the responsibility for sports ticket sales, plan pep meetings, and sponsor school dances — including our semi-formal affairs.

Our Student Councils coordinate school activities, top level, and generally make N.H.S. a fine example, help to keep student-teacher relationship at ample of the modern American high school.

**Junior Council** — Standing—C. Rockovits, President; S. Radcliffe, F. Bilder, D. Fiedler, G. Baltz, C. Koehler, Mr. William Laubach, Adviser.  
Seated—J. Kohler, Vice-President; J. Nachesty, Secretary; G. Spengler, Treasurer; M. A. Poandl.

## We Pledge To Uphold High Standards of Living

**National Honor Society** — Standing—D. Bartholomew, N. Takacs, Miss Marion Laubach, Adviser; M. Smith, M. Hutnick, S. Kopfer, R. Miltenberger, P. Reinert, and S. Luckenbach.

Seated—N. Messner, J. Kuntzleman, H. Reph, B. Marchak, D. Moll, D. Lovelace, D. Rosencranz, D. Dornbach.

Kneeling—D. Simmons, Treasurer; F. Stewart, Secretary; E. Filipovits, Vice-President; S. Seyer, President.

Under the expert guidance of Miss Marion Laubach, the **National Honor Society** advances in Service, Leadership, Character, and Scholarship.

Everyone has a fighting chance for membership in this honorable organization, but only fifteen per cent of the senior class is selected for membership. Here is a star for which you can shoot, underclassmen.

Since carrying out deeds of service is one of the organization's aims, the members are busily engaged in planning some of our school activities. In addition to sponsoring a leap year dance called "Cupid's Carnival," the members successfully planned and carried out a tutoring system for the student body.

Since "all work and no play" doesn't benefit any group, special treats for the organization include social gatherings at the home of members, picnics and bowling parties.

## Clean Speech - Clean Sport - Clean Scholarship

Our senior Tri-Hi-Y clubs combine as one "each bound to each as friends." Through numerous activities and projects these girls uphold the high standards of their organization as they strive "to seek, to find, to share" and to extend throughout the home, school, and community high standards of Christian Character.

The Savings Stamp Project which made its appearance last year through the Alpha II Tri-Hi-Y is still being supported strongly by the students. Loyal football fans once again ordered their mum corsages from this junior group for the annual Turkey Day game.

In addition to these projects, the thirty-three Alpha girls sponsored "Good Grooming Week"

and invited prominent speakers to attend their meetings. They enjoyed fine messages brought to them by Reverend W. A. Kuntzleman, Mr. Lerch, and Reverend John Reese.

Senior girls of the Epsilon Tri-Hi-Y club carry over from last year the management of the refreshment stand at all basketball games and wrestling matches. The "Fall Frolics" dance, which was sponsored by this group, was a great success on October 18. Plans are now afoot for a spring dance in April.

All Tri-Hi-Y clubs perform special services such as filling Red Cross boxes, planning clothing drives, carrying on seven weeks of "Teen Talk" discussions, and doing service work for N.H.S. wherever they are needed.

A flash of Black and Orange, a crash of cymbals, a spine-tingling fan fare — and our NAJHS Band is on parade again. With trim, stately color guards and high-stepping majorettes in the lead, off they march with rhythm and precision.

Our musicians experienced variety this year in the form of directors — studying first under Mr. C. James Kocher, then Mr. Edwin Berg, and now under the direction of Mr. James Patterson.

Round the calendar our Band performs willingly. Mud on the gridiron, frost on the Halloween parade ground, dripping perspiration at summer concert time — none of these deter our band members as they provide us with classical or popular music.

Then there are assembly programs, spring concerts, and finally the Black and Orange rounds out the year's events with an excellent concert at Dorney Park.

## Sportsmen of the Field and Stream

May we introduce our "Rod and Reel" enthusiasts who hustle to Room 13 every Thursday to learn the lore of the angler from their expert adviser, Mr. Michael Listeski. Much of the **Fishing Club** time is spent in tying flies, casting bait, and best of all—stocking local streams. This year an estimated 5,000 brown and rainbow trout were put into the Catasauqua Creek and 10,000 brown trout into the Hokendauqua Creek. Our "Piscators" know the tricks but sometimes admit that the big one got away.

Safety first! This is uppermost in the minds of these avid marksmen, who learn under the counsel of Mr. Henry Weir, who holds coveted titles and trophies for his own fine marksmanship. The **Rifle Club** members learn how to handle a gun skillfully and how to care for it properly. These N.A.J.H.S. Here in the art department under the watchful eye of their adviser, Mr. Melvin Kleppinger, the **Art Club** members will find a media to suit their tastes and will delight in experimenting with new ideas. November 8 marked another school visitation night for Mother and Dad. From the looks of things teachers and parents enjoyed this brief get-acquainted hour.

## Music In Lafayette Style With Prof. Raymond

November 8 was a very special day for eighty girls and fellows who invaded the Lafayette college campus in Easton to participate in a county-wide choral clinic under the direction of Professor John D. Raymond.

We joined four hundred students from fifteen high schools in learning many new music techniques and harmonizing together.

After long, arduous practice sessions, we listened to Lafayette's own college choir demonstrate many of these new ideas in music.

Joining with old and new music friends in hours of sparkling song made our day with General Lafayette a memorable one.

"Dashing Dan, our camera man" was on his toes to give us photographic coverage of the day's happenings.

## B-E Day Happenings

Rimanoczy, American Economic Foundation representative; Everett L. Palmer, Public Relations representative of the P. P. and L.; George Williams, of the Universal Atlas Cement Company; and Louis G. Millone, Jr., also of the American Economic Foundation.

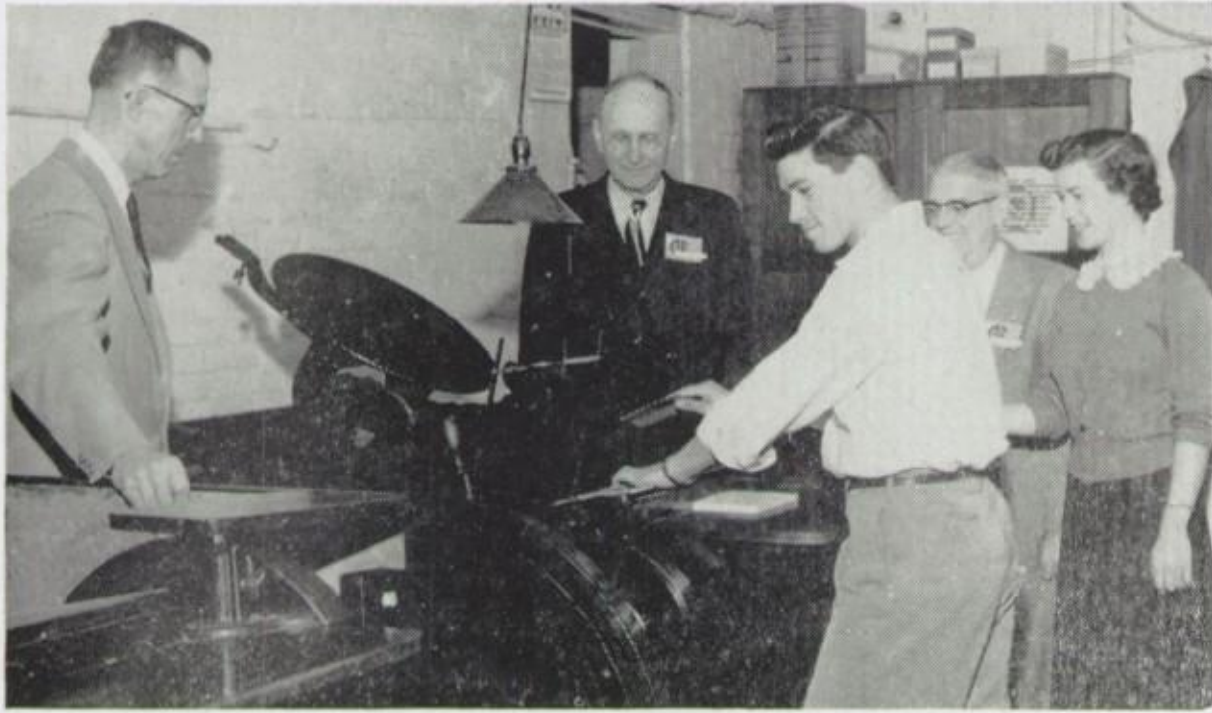

November 10 marked another eventful B-E Day in our school. Northampton businessmen found themselves on the receiving end of a forceful presentation on business economics, a subject which industry might be expected to present.

Dr. G. A. Eichler, Superintendent of Northampton Schools and Chairman of the Education Committee of the Northampton Chamber of Commerce, spearheaded the day by inviting businessmen and women to come and have a first-hand look at the activities of our schools. After a tour, the guests were invited to the Flamingo Room for a luncheon. Mr. Palmer, public relations representative of the P. P. and L., was the after dinner speaker.

## Big Business Visits Little Business

Prove  
Eventful  
for all

The entire afternoon was devoted to the importance of economic industry, rather than being confined solely to modern educational techniques. Arrangements were made for the discussion of the American Economic Foundation's program, "How We Live In America." It was presented by Richard S. Rimanoczy and Louis G. Milione Jr., two authorities on the subject.

At the close of the meeting a surprise action was taken by George Williams of Universal Atlas Cement Company, who stated that the Northampton Chamber of Commerce would supply a complete American Economic Foundation program kit for local classroom use. The formal presentation was made by Mr. Anthony Billera, Chamber of Commerce president.

## Rival Schools Find Harmony In Music

Prof. John Raymond brings new rhythm to Catasauqua and Northampton choruses.

On February 1 something new was added to our calendar of activities—our first choral clinic. N.A.J.H.S. became host to the mixed chorus of Catasauqua High School for an afternoon of good music.

Under the expert direction of Prof. John Raymond of Lafayette College, our combined choruses studied new rhythmic techniques. By the end of the rehearsal much progress was

noted on the selections "Give Me A Song To Sing," "While We're Young," and "I Hear A Voice A-Praying."

Credit also goes to our music directors, Mrs. Burchill and Mrs. Santee, for a successful music experience.

A jolly social hour climaxed the afternoon of study, and it was with real regret that we said good-bye to Prof. Raymond and our new music friends from "Catty."

Left—Punch and cookie time for our singers—and time to get acquainted.

Right—Directors Mrs. Santee, Dr. Raymond, and Mrs. Burchill find the first choral clinic a great success.

The Christmas story was again told this year in carols and folk songs of Spanish, English, Moravian, and Lithuanian origin. The music centered about six excerpts from the Nativity story. Girls', boys', and mixed choruses, as well as the girls' ensemble and soloists, offered lovely Christmas arrangements. Instrumental backgrounds were provided by a brass trio, chimes, piano, flute, and electric organ.

The music was directed by Mrs. Thelma Santee, while Miss Black

Once again there was standing room only in our auditorium as people flocked to see the beautiful and inspirational Christmas Vesper Program which has become a favorite tradition in our school.

## Amateur Actors Find Life Isn't Dull

At least it isn't loaded

Ready to work in the rock garden?

See! You're pushing again!

Isn't life dull? Indeed not, and we can say definitely not on January 25 and 26, the nights of the laugh-provoking senior class play entitled, "Isn't Life Dull" by Wilfred Massey. The cast of seniors, under the superb direction of Miss Marion Laubach, did an excellent job of entertaining two capacity audiences.

We present a synopsis of our rib-tickling comedy. Due to the fact that June Townsend and Roy Dellow enjoy crime films, and want some excitement in their "dull, colorless lives", Mr. Frank Dellow and Arthur Townsend decided to show their children how frustrated a criminal can make his family. While the fathers are plotting, dear Aunt Emily busily bustles about serving postum and feeding the "Duke" peppermint lozenges.

With the help of Aunt Emily's cup of "spirited" postum, Marilyn falls asleep behind the sofa and overhears her father and Mr. Townsend talking about "where to bury the other one!"

There's a nail in this chair too!

That's quite a lethal-looking weapon!

# In The World of Grease Paint and Footlights

After a considerable amount of confusion, tears and some frightful experiences, the truth comes out and Messrs. Dellow and Townsend realize how foolish their plotting has been, and how they should never have misled their children.

As the curtain slowly closes we find the two families settling back in their easy chairs again wondering what to do for excitement. Aunt Emily solves the problem with a movie, "A Murder A Minute." But don't you see, that is what keeps life from not being dull.

## A Spotlight For Junior Speakers, please

Standing—Philip Petrick, Andrew Zaharchuk, Coach Donald Ervin, Gregory Stefany, Joseph Milisits.  
Seated—Doris Stuber, Sylvia Rockovits, Peggy Kline, and Diane Moritz.

A feeling of tenseness, the smell of roses, the rustle of silk and satin filled the air. The lights grew dim, the curtains parted, and a breathless hush filled the quiet auditorium. It was the evening of the 30th Junior Speaking Contest.

Classmates, parents, and friends listened attentively as eight Juniors, coached by Mr. Donald Ervin, skillfully delivered their orations and proved their dramatic talent.

The judges—Dr. Wotring of Cedar Crest College, Dr. Erskine of Muhlenberg College, and Dr. Barker—awarded first prizes to Doris Stuber and Joseph Milisits and second prizes to Sylvia Rockovits and Gregory Stefany. All the speakers performed magnificently making this Junior event a highlight on our calendar of activities.

To make the program complete there were selections by an instrumental ensemble, a girls' ensemble, a vocal duet by Carol Kohler and Thomas Keller, a vocal solo by Thomas Keller, and a piano solo by Claire Jones.

Congratulations to speakers and performers for an evening of good showmanship.

## A Harbinger of Spring

Junior High School Band

The evening of March 8 proved to be a memorable one for those who attended the Junior High School Spring Concert. A capacity audience listened entranced to gay melodies as well as classical numbers such as the **Prelude in C# Minor**.

The Junior Band, under the direction of James Paterson, favored us with a snappy march, a Strauss Waltz, and an exciting excerpt from **Carmen**.

The vocal departments, directed by Mrs. Thelma Santee, captivated the audience with **An American Heritage**, **The Green Cathedral**, and the ever lovely **Steal Away**.

Choruses and band finally combined to give us the thrilling finale which featured **I Hear America Singing** and **America The Beautiful**. And so another evening of fine music came to a close.

# We Came, We Saw, We Conquered

The Tenth Annual Lehigh Valley Science Fair held in Muhlenberg College Memorial Hall on April 18, 19, and 20 under the auspices of the Call-Chronicle Newspapers was the biggest student science show ever held anywhere in America.

Here were the dreams of 3,200 students. Here was tangible evidence of hours of work and study as shown in 800 excellent exhibits.

Of the sixty-seven participants from our school, many received outstanding awards. We especially commend Sidney Luckenbach who was selected Reserve Grand Champion in the chemistry division.

Honors also came to Mr. Ernest Papp, who received a gold medal award for his ten years of active service. Mr. Papp served as the vice-president this year and will head the 1957 Science Fair as president.

Since space does not allow us to include all science projects, we have shown here the work done by seniors. The conservation projects are featured on pages 140 and 141.

These are the people who met the challenge of scientific research and established new records in achievement.

## Shakespeare or Bach - We're on Top In The '56 Forensics

The annual Eastern District Contest of the Pennsylvania Forensic and Music League was held for the 19th consecutive year in our school on March twenty-third.

On this day the halls echoed with the voice of spirited speakers and sparkling songbirds. The strains of silver-toned horns, woody-sounding clarinets, and other instruments also resounded throughout the building as students from 13 high schools competed with enthusiasm in 28 different contests. Once again N.A.J.H.S. set a fine record in these events.

Those taking first place in the forensic division were Robert Turanchik in **Shakespeare** reading, Sidney Luckenbach in **serious declamation**, Jayne Kuntzleman tied for first place in **humorous declamation** with Mary Collura of Mauch Chunk Twsp. Music winners were Sidney Luckenbach in trumpet, Sylvia Santee in alto solo, and the Girls' Ensemble.

Hats off to these winners and all those who participated in our 1956 Forensic and Music League Contest.

## Plush Pastels or clay--These Dreamers Like to Create

With the coming of Springtime and the budding of new life, our drab gymnasium took on its perennial Greenwich Village air as it decked itself for the annual May Art Exhibition.

Budding artists, under the supervision of Mr. Melvin Kleppinger, work all year to perfect special projects which will be displayed on this occasion.

Imagination, the proper medium, and dexterous fingers all help to put visions in color. Whether the designs are conventional, abstract, or realistic, they are sure to be pleasing to the eye. Media ranging from pastel, charcoal, tempera, water color to the classic oils are used. Ceramics, silk screening, clay molds, or wood carvings are a few of the techniques displayed in our show. On the spot demonstrations prove especially interesting to our visitors and help make the evening a fine success.

## ASSEMBLY

Talent is the keynote each Wednesday as students take the spotlight at our weekly assemblies. Programs ranging from slap-stick comedy to musicals and dramatic performances entertain us as we gather together this one period a week. Then there are exchange programs with other schools to add zest to assemblies.

Finally the long awaited moving-up ceremony takes place at our last program of the year. This is the time when the seniors bid farewell to friends and underclassmen and happy moments in assembly.

## Enchanted Evenings With Soft Lights

No matter if the tune is a rock and roll or a dreamy serenade, the dance floor is the spot where all music lovers let the beat get into their feet.

Decorations, colored lights, teeming refreshment tables, and all of us in our Saturday best — This is what makes a successful informal dance. Our autumn "Fall Frolics" and our February "Cupid's Carnival" were the highlights of our informal dance season.

## Youth Runs A Railroad

Youth ran a railroad last May 20th when 22 Northampton High School seniors operated the N&B with the rest of the boys in their class as interested spectators.

Six of the chosen 22 filled "white collar" jobs while the rest donned caps, overalls, and the traditional red neckerchiefs and went out on the right of way. Some worked in shop departments, others acted as track maintenance crews, and still others operated the trains as shown in the accompanying photographs.

These pictures show the boys on the job. Starting at top right we have

## Dreams of Destiny - 1955

The graduating class of 1955 solemnly donned caps and gowns last June 6th to attend their impressive Monday night Commencement Vesper service. Reverend Mark Frantz, guidance instructor at Pen Argyl High School and an alumnus of Northampton High School with the class of 1934, was the speaker.

Then came the big night, Wednesday, June 8th, when the seniors presented their commencement pageant, "Dreams of Destiny." Not only did they enact their pageant, but as has been the tradition at N.H.S. for more than twenty years, they also wrote the production under the supervision of their director, Miss Marion Laubach. The theme—"Back of the job, the dreamer who is making the dream come true"—was symbolic of the entire pageant.

Picture at upper right—Reverend Mark Frantz meets the 1955 Class Officers.  
 Pictures below and on opposite page — scenes from the 1955 Commencement Pageant, "Dreams of Destiny."

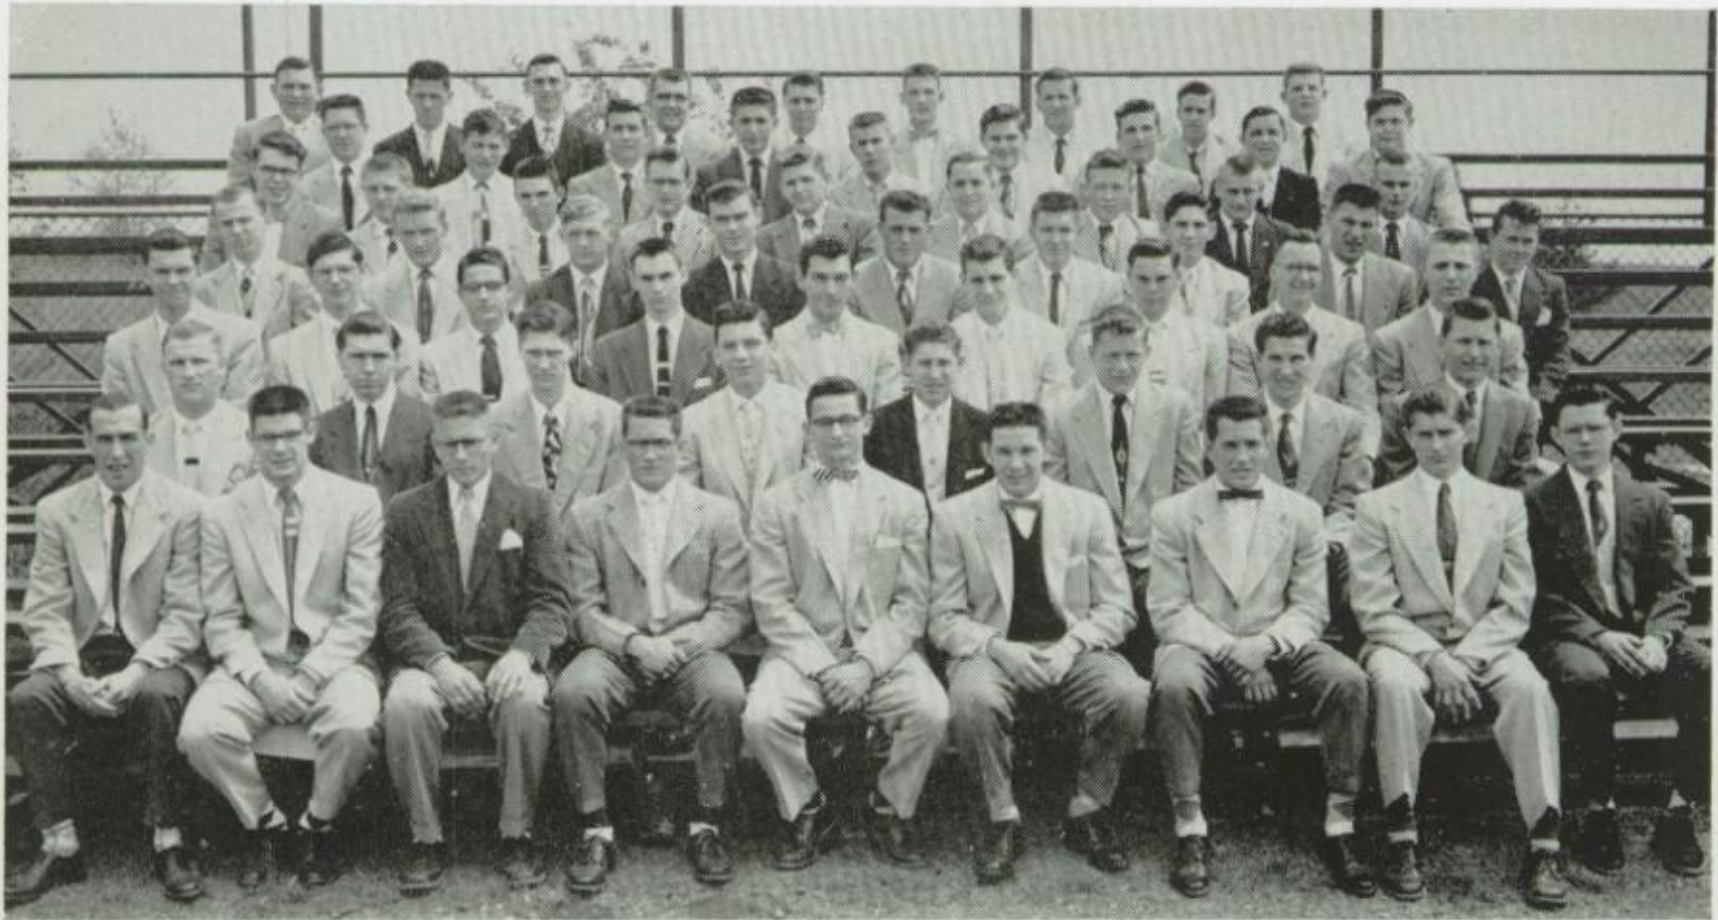

At the close of the pageant 170 proud seniors assembled in their caps and gowns for that memorable processional to the stage to the strains of "Pomp and Circumstance." Again another page in history was written for the new Alumni of N.H.S. and gleaming avenues of destiny beckoned them to a happy future.

The forecast for football at NHS in 1955 appeared hazy but not dismal. With stellar players lost through graduation, Coach Al Erdosy's dreams of defeating P-burg, of winning his 100th league game, and capturing his 13th league crown seemed very vague. Then the season was underway, and things began to happen.

School Board President, Mr. Robert Schaffer, proudly presents plaque to Coach Al Erdosy in recognition of his outstanding football record — winning his 100th league game and capturing his 13th league crown.

## Northampton at Phillipsburg

The opening game at Phillipsburg proved to be a hair raiser as well as a curtain raiser. As the fast moving Konkrete Kid offensive machine unleashed its fury, the fans visioned another league crown in their dreams. The Garnet scored first on a three-yard jaunt by Rogers, but the inspired Kids retaliated with a Hoffman to Kuntz pass, good for a TD. The alert Northampton defenders recovered a P'burg fumble to set up another TD as "Whisky" Reimer scored on a four-yard end run. In the third quarter the Kids steamrolled their way to the 4-yard line where Hoffman plunged over for the TD to give the Orange and Black a surprisingly decisive 21-7 victory over their highly touted rivals — and the first P'burg victory for N.H.S.

## Northampton at Emmaus

For the second time in two years a spirited Emmaus eleven gave Northampton a surprising tussle. This game was a case of jitters in which at least 3 TD's were cancelled due to fumbles and penalties. The stubborn Hornets used the fine passing arm of Dan Sachs to good advantage, scoring two TD's on passes. The Konkrete Kids were led by their speedy back, Bob Reimer, who scored on a five-yard first-period run and on a brilliant forty-yard run to pay dirt in the third quarter. The third TD came on a Hoffman to Kuntz pass. The Konkrete Kids captured their first league win with a hard won 20-13 victory over the Green Hornets. Bill Grube's and Ed Gassler's performance contributed greatly to the victory.

## Northampton at Whitehall

The 3,000 fans who turned out to see the "Big Game" between two supposedly evenly matched arch-rivals stared in astonishment as the Northampton offensive machine trampled Whitehall into submission. The Kids struck quickly on three first-period TD's. Reimer scored on an 18-yard run; minutes later Hoffman scored from the one. Marv Kuntz intercepted a Zephyr pass and raced 32 yards for

six more points. After the Zephyrs managed to score one TD, Kucharczuk added one more for the Orange and Black to make the final score 26-6. The game was highlighted by the sparkling line play of Marv Kuntz, Bob Phillips, and Ed Marakovits along with the fine performances of the other linemen. Stephen Kotch was the main stay in our defense this game.

#### Slatington at Northampton

The Konkrete Kids captured their third straight league win with an easy 41-0 victory over Slatington. Marv Kuntz scored on the first play of the game on an end around traveling 42 yards. Bob Reimer scored twice while Charlie Hoffman ran for one TD and passed to Marv Kuntz for another. Kuharczuk and Shimer added one TD each. Again the stellar line play of such linemen as Bill Grube and Carl Wunderler helped the Kids tremendously.

#### Northampton at Palmerton

The Blue Bombers and Konkrete Kids met in a duel of the offensives. The Kids stunned Palmerton with two long first period runs — a 94-yard sprint by Hoffman and Reimer's 65 yard run. The Bombers put up a terrific fight before submitting 38-20. Quite a few new faces appeared on the playing field. Clifford Kleintop, and Phillip Bollman particularly displayed great potential in this game.

Hoffman drives hard into center of Stroudsburg line for another decisive victory.

#### Lehigh at Northampton

Northampton's powerhouse line ripped gaping holes in the Indian line for their speedy backs to streak to paydirt. Bob Reimer scored three times and Charlie Hoffman twice. Kuntz and Kucharczuk had one TD a piece to make the score a crushing 48-7 count. A fourth period pass from Merrill Wolie to Dan Shupp saved the Indians from a shutout. Outstanding was the play of Ed Gassler and Robert Phillips.

#### Bangor at Northampton

Victory number seven was easily achieved by the Konkrete Kids. Shimer and Reimer scored five TD's between them to lead N.H.S. to a devastating 44-0 victory over outclassed Bangor. "Moe" Marth racked up his first TD of the season as Coach Al Erdosy gave the reserves a chance to display their wares.

#### Stroudsburg at Northampton

The Poconos again brought a fine squad to Northampton. They were led by end Doug Shook, who played a terrific game in a vain effort to stop Northampton's vaunted ground attack. With two touchdowns apiece, Charlie Shimer and substitute fullback, Tyrone Kneller, led the Black and Orange to a 40-13 victory. Again the Black and Orange line, led by Robert Phillips and Paul Miller, smashed every defensive and offensive alignment the Pocconos set up.

#### Catasauqua — Northampton

"Turkey Day" found the two arch rivals of the Lehigh Valley fairly evenly matched according to pre-game statistics. Once the mighty Konkrete Kids started to roll, one would never have thought so, however. The Kids battered Catty with three first period touchdowns. One each by Reimer, Hoffman, and Kucharczuk. Shimer smashed his way for two TD's while Reimer and Kucharczuk added one apiece again. The bewildered Rough Riders finally broke through Northampton's staunch line for a TD on a pass of Salivonchik to Dick Columbo. Mike Bundra scooped up a fumble late in the game to give Catty its second TD. Nine-thousand fans turned out to see the Black and Orange crush Catty 45-12 for Lehigh Valley League Title number 13. It was again the old story — a set of speedy, shifty backs behind a dynamic line of such stellar linemen as Karl Wunderler, Ed Weinhofer, and Ed Mirakovits. Particularly outstanding was the play of Phillip Bollman who replaced the injured veteran Ed Gassler at right end. Once again the season displayed the importance of concerted team effort.

#### Ending

Football enthusiasts at Northampton will never forget the 1955 season. The powerful Konkrete Kids paved their way to an all winning season of nine games. Highlight of the season was a decisive 21-7 victory over a classy Phillipsburg team, our first victory over the Garnets in 15 meetings. The Orange and Black captured their 13th league crown, while giving coach Al Erdosy his 100th league win. Much of the season's success goes to the veteran line composed of nine seniors.

## Ready Wrestlers Cop Second Place In L.V. League

**Varsity Wrestlers**

**Back Row**—D. Suranofsky, A. Lotti, C. Brownmiller, B. Beck, L. Breitfeller, J. Recker.

**Front Row**—Mr. Harry Wall, Head Coach; R. Sutliff, B. Grube, D. Santo, B. Meyers, R. Phillips, Mr. Albert Billy, Assistant Coach.

**Kneeling**—J. Handwerk, Manager.

Coach Harry Wall looked forward to a fair season as he had lost State Champs Micio and Keglovits plus Kulp, Kleppinger, and Moser. In regional champ Bob Meyers and other veterans like Don Santo, Bob Phillips, and Al Lotti he had the muscles of a strong team. In back of these were fine grunt-and-groaners like Joe Recker, Carl Brownmiller, Bill Grube, and Dick Santo who all helped lead the Kids to second place in the Lehigh Valley Wrestling League.

The Konkrete Kid grapplers opened the season in fine style with a 38-17 victory over Washington, N.J. Recker, Lotti, Grube, Breitfeller, Meyers, and Don Santo all scored pins. Next the Kids met a tough, well-seasoned Allentown eleven. The Canary grapplers led by Rohrbach, Baker, Schmoyer, and Gross gained a close 25-18 decision over the Black and Orange.

Next time out Nazareth did most of the grunt and groaning as the Kids crushed them 47-3. Joe Recker, proving he's no flash-in-the-pan, scored his 3rd straight pin. A spirited Hurricane eleven from Bethlehem faltered as Recker and Brownmiller scored pins to lead the Kids to a 27-13 decision.

Coach Harry Wall compliments wrestlers Al Lotti, Robert Meyers, Donald Santo, and (seated) Joe Recker who were District II champs. All except Lotti won Northeast Regional titles, and Santo and Recker were eliminated in semi-finals for state titles.

Easton — Sutliff reverses Bartolet to gain top position

Joe Recker scored his fifth consecutive pin as P'burg fell by-the-wayside 39-10. Next the Kids pinned Washington, N.J., 30-10. Joe Recker chalked up his sixth straight pin while Bob Meyers kept his unbeaten string alive. The Kids nabbed a tough 22-14 match in their meeting with Easton.

Next Coach Harry Wall sent his team through drill to prepare for the match with league leading Allentown. The Kids mauled the Canaries in the lighter classes but Allentown's heavy-weights pulled the match out of fire. Canary Hal Gross took a close decision from Paul Miller to give the Canaries a hard-earned 20-19 victory and undisputed first place in the Lehigh Valley Wrestling League. Meyers and Recker again scored pins while Don Santo, Bob Beck, and Carl Brownmiller decisioned their opponents. The Kids walloped Nazareth 45-5 in their outing. Recker, Suranofsky, Lotti, Breittfeller, Meyers, and Don Santo all scored pins to trim the Eagles' wings. Bethlehem's Hurricanes jolted the Kids 24-20 in a closely contested match as co-captain Meyers was side-lined due to illness. Easton upset the Black and Orange 20-17 to drop the Kids to third place. Joe Recker scored his 11th straight pin.

The Konkrete Kids blasted Phillipsburg 36-7 to wind up the league season and move the Kids back to 2nd place. In their finale the Black and Orange posted a 38-2 win over Perkiomen Prep in a tune-up for districts. In the district matches the highly-touted Allentown Canaries nosed out the Kids 63-58 in the late match. Behind the two front runners were Easton with 41 points, Bethlehem 36, and then Nazareth and Phillipsburg. Recker became the District champ at 95 lbs. by pinning Manley of Bethlehem. Lotti decisioned Bechtel of Easton to cop another first place. Meyers successfully defended his 127 lb. title. The fourth Black and Orange title came with Santo's 3-1 decision over Black of Bethlehem.

Nazareth — Brownmiller escapes from bottom with one-leg pickup

In the regionals at Wilkes Barre the Konkrete Kid District champs showed up nicely. Recker, Santo, and Meyers won regional crowns in their respective weight classes. Lotti lost a close 7-5 decision in the semi-finals.

In the state meet Bob Meyers went all the way to the finish where he lost a close 3-2 decision. Coach Harry Wall's squad posted a 9 won, 4 lost season and despite the loss of eight by graduation he looks forward to next season. Ralph Wagner's Jaycee grapplers won nine of ten matches. They revealed some fine prospects for next year's varsity.

## Provide A Thrilling Basketball Season

With six well-seasoned players returning from last year's squad, Coach Pete Schneider looked forward to a successful season. What a season it was! The Konkrete Kids took second place laurels in the Lehigh Valley League and captured the Smith Hall Tournament championship.

Parkland gave the Kids a 56-45 jolt in the opener but the Kids rebounded quickly with a 76-66 victory over Coplay. Shimer poured 24 points through the hoops while Simcoe added 20.

Next the slow starting Black and Orange were edged by Bethlehem Catholic 70-65 despite Simcoe's 39 points. Dick Burke led Becahi with 21 points. Again the Kids hit the rocks, as Fountain Hill took a 74-59 decision from them.

Finally, the Kids proved they were as good as pre-season experts had rated them. Phillipsburg fell victim to a 73-40 onslaught. Jump shot artist "Jigs" Simcoe scored 31 points. Ed Gassler had 14 and Walt Hucaluk had 10 points.

In their Smith Hall Tournament debut the Kids rocked East Stroudsburg 48-30. Next the Kids outscored highly rated Slatington 58-51. In the championship game Weatherly's Wreckers found themselves wrecked by a sharp-shooting Black and Orange quintet. Simcoe's 24 points led the Kids to a decisive 65-52 victory and their first Smith Hall

Tournament Championship.

In the league opener the Konkrete Kids bounced Catasauqua 67-56. Next time out they greeted Lehigh with a 72-point avalanche. Shimer's 17 points were a key factor in the 72-40 victory. Stroudsburg fell before the mighty Kids 74-57. Simcoe's 23 points led the Black and Orange as the reserves again had a chance to prove themselves.

Brilliant rebounding by Hoffman and the beautiful set shots of Shimer led the Kids to an overwhelming 59-39 victory over Emmaus. Whitehall put up a stubborn fight before the Kids, led by Ed Gassler's 19 points, could subdue them 60-59. Next on the agenda was Slatington, a perennial powerhouse. Miksits' spectacular back-court play and Simcoe's deadeye shooting led the Kids to an easy 76-66 victory over the Slaters. Scherer, big Slater center, led the scorers with 26 points. With six league victories under their belts the Kids prepared to meet Palmerton also undefeated in league competition.

The Bombers and Kids met head-on in Palmerton's jam-packed gym. Palmerton surprised the Kids with a 23 point third quarter that the Kids never could make up as the Bombers won 78-54. Bob Mlkvy of Palmerton matched Simcoe's 26 points for high scoring honors.

Emmaus — And Gassler goes rim high for a basket.

Simcoe dazzles Emmaus with jump shot.

Still shaken from the Palmerton loss, the Kids received another jolt as Catasauqua belted them 60-50 in the second-half opener. Quickly rebounding, however, the Kids smashed Lehigh 85-53 behind Simcoe's 37 points. Next time out, the fired-up Kids took Stroudsburg over the coals 76-57.

The Hornets of Emmaus gave the Kids a "sting" before falling 48-45. Whitehall tried the same, but Simcoe's 21 points showed them otherwise as the Kids took the wind out of the Zephyrs 65-59. Slatington fell beneath a barrage of Black and Orange baskets as Simcoe's 28 points led the Kids to a 66-53 victory.

In their last outing the Konkrete Kids met the vaunted Palmerton Blue Bombers. Palmerton's fans and coach alike left the game with shattered nerves for the Kids fought desperately before losing a 63-61 hair-raiser. A last minute shot by Jerry Simcoe hit the rim, rolled around, then fell out as the fans held their breath. Eckert led Palmerton with 32 points.

And so closes the 1955-56 edition of the basketball Konkrete Kids. They experienced the best season in many a year at Northampton. They captured second place in the Lehigh Valley League and also the Smith Hall Tournament Championship. A lot of credit goes to Jerry Simcoe, one of the area's finest players and possibly the greatest in Northampton basketball history for he set no less than 15 records at Northampton. Among them are: most points one season, 493; most points 3 seasons, 1,033; most points on an opponent's floor, 39; to mention only a few. He was a unanimous choice for the Lehigh Valley League All Star team. Equally as responsible for the Black and Orange's success were Charlie Hoffman and Walt Hucaluk, the rebounding aces, and the backcourt men Miksits and Shimer. Let us not forget the fine reserve play of Henits, Kuntz, Guss, and Suto. Truly, this was a team to be proud of.

Spectacular play gives Miksits another basket at Emmaus.

Sure-shot Simcoe scores at Lehighton.

Coach Seiger's junior varsity Konkrete Kids turned in a fair seven won, twelve lost season despite the loss of practically all of last year's team to the varsity. Led by center Joe Crowell who scored 217 points throughout the season, the Kids experienced some very close games like their thrilling 63-62 victory over Slatington. Besides high-scoring center Joe Crowell, the Jayvees revealed some fine pros-

pects for next year's varsity. Joe Milisits with 132 points and Reynold Morey are two fine backcourt men. Under the basket Coach Seiger had good rebounders in Laird Brownmiller and Kuba. Next season's Jayvee edition should find itself well prepared with Ludwig, Beildheimer, Kohler, and Frank Miksits who saw limited action this year but displayed much ability when they had the chance.

## Energetic Cindermen Are Championship Bound

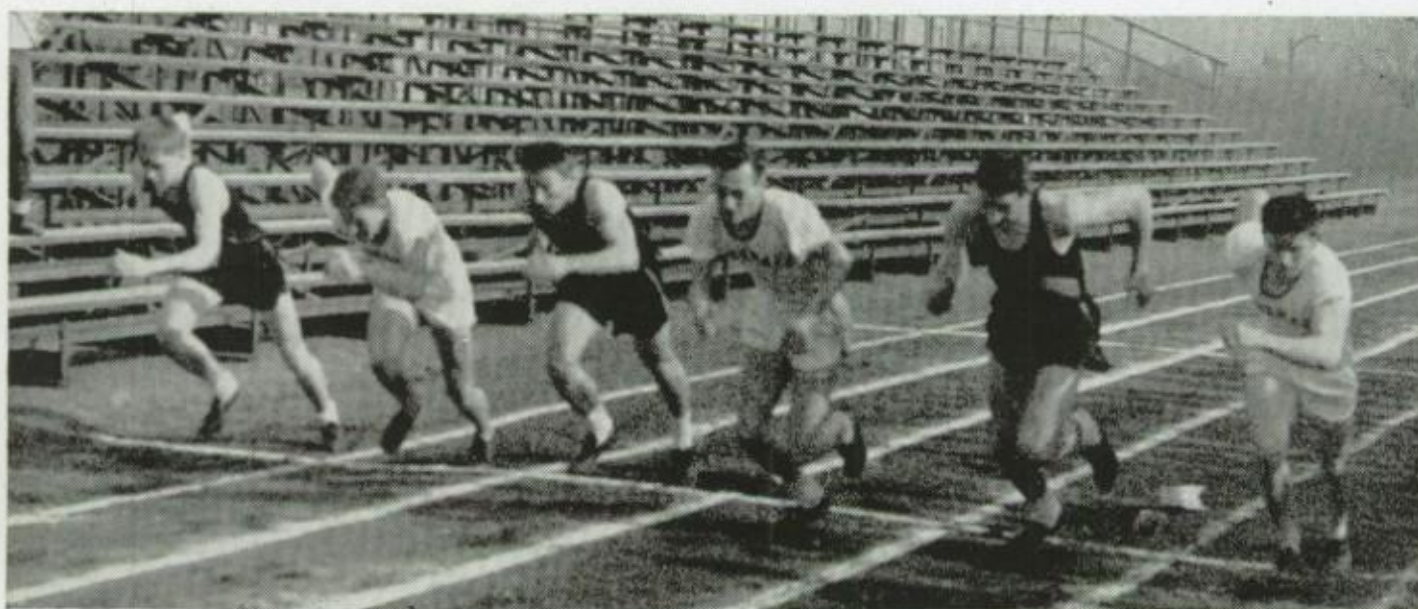

- Row 4—R. Schaffer, Manager S. Poandl, D. Hall, J. Pfeiffer, R. Graver, J. Reese, J. Topfer, R. Hertzog, I. Rissmiller, B. Bell, D. Dranchak, J. Wagner, Manager.
- Row 3—R. Minnich, T. Chuss, R. Sodl, G. Farkas, A. Chimarys, M. Solt, E. Heisler, C. Kuntzleman, E. Kleppinger, J. Nero, Manager.
- Row 2—R. Gaugher, A. Vogel, F. Marth, R. Lutte, H. Guss, J. Milisits, J. Grabarits, M. Wright, W. Hucaluk, G. Haydt.
- Row 1—G. Day, Manager; C. Wunderler, P. Miller, K. Waylen, E. Gassler, R. Phillips, F. Mesics, G. Simcoe, J. Miksits, G. Stefany, Coach William Garrett.

Defending the Lehigh Valley Track League title won by last year's record-breaking cindermen should not be too tough an assignment for this year's edition of the Black and Orange tracksters. Dale Salter set a 20' 4" broad jump record and a 23.2 second 220 record last year. Ben Amato tied a 5' 8" high jump mark. Ed Gassler set a new 440 mark of 55.1 seconds. Ron Chabak established a 2 minute 13.4 second record for the 880.

Coach Bill Garret is forced to mold an entirely new team. He has to form a team from newcomers and a few veterans. Prospects are not dim, however, for in practice sessions the newcomers appear to be record bound.

In the sprint Charles Kuntzleman appears as the top man along with veteran Ed Gassler. Long-winded veterans, Frank Mesics and Kermit Waylen, will handle the distance runs.

A jack-rabbit start on the 440 yard dash.

Paul Miller releases a 110 foot discus lunge.

Robert Phillips winds up for a 120 foot discus throw.

Carl Wunderler heaves the shot-put for 42 feet.

Returning to the shotput and discus events are three well-seasoned veterans — Carl Wunderler, Paul Miller, and Bob Phillips. Ed Gassler and Ron Gougher are in the broad jump. In the high jump, Herb Guss and Marv Wright are both newcomers. Veteran Jerry Simcoe returns to handle the pole-vaulting chores with Walt Hucaluk.

In quest of the league title the Kids began by smothering Whitehall 64-31. Paul Miller broke a shotput record set by Bruce Spangler in 1951 with a heave of 44' 4 1/2".

Next the fast stepping Konkrete Kids outran Parkland 53-28. Charles Kuntzleman took first places in the 100 and 220 to lead the Black and Orange. In

a hair raiser at Palmerton the Kids defeated the Blue Bombers 51-44. The relay, the last event, decided the outcome. The relay team of Kermit Waylen, Frank Marth, Charles Kuntzleman, and Ed Gassler broke a seven year old record with a time of 3 minutes 46 seconds to give the Kids the decision.

The Black and Orange met stiff opposition in Bethlehem but finally outran them 46-44. The Wilson Borough meet gave the fans another scare before the Black and Orange put the Warriors down by a 45 2/3 to 44 1/3 count.

With a fine mixture of newcomers and a few veterans, Coach Garrett has high hopes of finding a league championship at this season's finish line.

## Dynamic Action Sparks The Diamond

Row 5—Managers, John Kochenash, R. Koch, D. Feidler, J. Lutte.  
 Row 4—Manager J. Marchak, G. Kohler, S. Herschman, L. Brownmiller, F. Miksits, F. Mayorak.  
 Row 3—R. Schwechten, W. Beidleman, R. Werner, J. Miksits, M. Lisetski.  
 Row 2—R. Fehnel, D. Vogel, R. Kucharczuk, S. Eisenreich, S. Kotch, M. Chuss.  
 Row 1—Robert Reimer, P. Bollman, C. Hoffman, C. Shimer, C. Kleintop, D. Santo, Ray Reimer.

This year's Konkrete Kids of the diamond have a lot to live up to for last year the Kids sported a 11 won, 1 lost record. Only a loss to Allentown kept them from taking District 11 honors. Led by the hard-hitting of Rich Reimer and the steady pitching of Frank Ifkovitz and Cliff Kleintop the Black and Orange took seven league games to cop the Lehigh Valley League title.

Coach Mike Lisetski in his 15th year as head baseball coach has high hopes for this year. Only three men Reimer, Lucky, and Ifkovitz were lost by graduation. Replacing Reimer and Lucky in the outfield, however, poses a problem. Steve Kotch, Steve Eisenreich, and "Spike" Santo are all hustling can-

didates for the outfield posts. The infield remains intact with hard hitting Phil Bollman at first, Ray Reimer, a seasoned-veteran at second, Bob Reimer at short, and at third is smooth fielding Don Santo. Catching is well taken care of with Charlie Shimer behind the plate. Cliff Kleintop who did the bulk of the pitching last year returns to head the Konkrete Kids mound corps. Also returning is Charlie Hoffman who did some spot pitching last year. "Chubby" Kuherchuk, Frank Miksits and John Schafer are all part of a capable "bench warming" staff. Success should greet the Kids again this year. Evidence was given in the first game, a 16-8 slugfest over Whitehall.

## Last, But Not Least, On Our Calendar

Patsy Stewart, president of Student Council, welcomes Mr. Kermit Gregory who joined our faculty in February.

Tri-Hi-Y'er Janet Rossi (center) welcomes Connie Evans, a Bangor senior, who represented Pennsylvania at the International YMCA Conference in Paris, 1955. Mr. Robert Baker, District Executive of YMCA, introduced Connie to us in assembly. We enjoyed Connie's experiences vicariously through her lecture and her beautiful pictures.

Representatives of the Arthur Murray dance studio give Alan Kuntz their Samba secrets. This special hour program was a favorite with all of us. Now we'd like to be Mambo experts.

A visit to Club 100 gave us all a most enjoyable hour in assembly. Mr. Robert Snyder and his Junior Homeroom produced talent we never dreamed could exist within our ivy walls!

## ALMA MATER

Days with her we'll e'er remember,  
Though our lives be long,  
Here's to her whose name we'll ever  
Cherish in our song.

Alma Mater! Alma Mater!  
All our vows renew.  
Hail to thee, Northampton High School  
We will all be true.
